Product Name: Solveil Camera

Subject: SLV-C30S Series 5 GHz Transmitter

Dear Sir or Madam:

There is a 5 GHz Tx in the Camera. However the software for enabling it does not exist. It is disabled and that PA is never turned on. This can not be changed by the System Integrator (installer) or end user.

The Camera will be resubmitted for certification when 5 GHz is available.

Dated this 20th day of March, 2015

Sincerely,

Brian D. Carlton
